## **School Working Bee Reminder**

This Sunday, 1 April help is needed at the school from 1-3pm to tidy, weed, rake, sweep, and generally beautify the school grounds in preparation for Enterprise Day.

This is your chance to contribute to the school community in a useful and productive way, so why not bring gloves, a spade, plastic bags, a rake or whatever useful implement you have in the shed and help demonstrate and reinforce the core school values of care, respect and safety by ensuring our kids play and learn in a safe, clean and happy environment.

Every little bit helps. The kids can help too - the more the merrier! See you there.
