## Lighting Up the Arts

# 2018

Thank you to our school community for your support with Lighting Up the Arts (LUTA). The night was a wonderful celebration of the performing arts at Colonel Light Gardens. As I mentioned on the night, I would like to thank all those involved in making the night happen including:

- the voluntary attendance and help of almost all of our **R to year 2** and **specialist teachers** showing their support for their primary colleagues in helping supervise students and coordinating the movement between acts
- the **year 3 to 7 class teachers** for all their support, flexibility, rehearsals and making it happen – every class performed so well
- the **admin team** for sorting out the logistics of tickets sales, programs, first aid etc
- **Shane Pluck** for all his work behind the scenes, his flexibility and co-ordination
- **Ashley Blight** for co-ordinating the event with his organisation, support and first class attention to detail

Finally we congratulated **Marian Woodlands** for her vision, planning, dedication and capacity to pull something of this size off. Her passion for the performing arts is greatly appreciated by the whole CLG community. We hope this was not her last!

At staff meeting this week, we reviewed how it went and what could improve. We were disappointed on the night with the quality of sound for some acts and have made the Adelaide City Council aware of that. Hopefully this will be reflected in what they charge us. We also plan to look for a larger venue for the event in 2 years, so that parents and carers aren't restricted to buying just 2 tickets. If you have any other feedback good or not so good, please email me at [rick.bennallack149@schools.sa.edu.au](mailto:rick.bennallack149@schools.sa.edu.au)

### SEMESTER 1 REPORTS

Our semester one written reports will be sent home on **Tuesday, July 3<sup>rd</sup>**. Teachers put an enormous amount of work and thought into the grades and comments they provide using evidence and professional judgement. We hope that parents and carers will look carefully at all three aspects of the report, which when read should give you a thorough understanding of how your child is doing, and where they can further improve:

1. **Achievement levels:** The grades are decided through evidence by assessing student learning against the achievement standards outlined in the Australian Curriculum for all subject areas. A 'Satisfactory' rating, equates to a 'C', and is given to a student who is currently achieving or is on track this year to achieve the year level achievement standard. To receive an 'Excellent' rating is something very superior. An 'excellent' student achievement rating not only shows an advanced understanding of the knowledge, skills and understandings of the subject but indicates he or she can apply them in new and unfamiliar contexts. The Australian Curriculum achievement standards can be accessed at [www.australiancurriculum.edu.au](http://www.australiancurriculum.edu.au)
2. **Effort rating:** It is important to look at this in relation to the achievement level. All we can ask for is for every student to do their best. This rating will give an indication of how much room for improvement the teacher believes exists.
3. Explanatory comments focus on areas of strength and goals for further improvement in English and Maths in some detail. The general comment can refer to social or work skills or to other areas of the curriculum. In this section, teachers often highlight a focus area for the remainder of the year.

After reading the report, please contact your child's class teacher if you have any additional questions.

## NATIONALLY CONSISTANT COLLECTION OF DATA

### NATIONALLY CONSISTANT COLLECTION OF DATA ON SCHOOL STUDENTS WITH DISABILITY (NCCD)

All schools are required to collect information about the numbers of students that they provide adjustments to under the Disability Discrimination Act (1992) and Disability Standards of Education (2005). From 2018, this data will be used as the basis for national funding.

The NCCD involves the collection of;

- the number of students receiving adjustments to enable them to participate in education on the same basis as other students
- the level of adjustment provided to students
- student's type of disability if known

Under the model the definition of disability is broad and includes learning difficulties, health and mental health conditions. If your child is identified for inclusion in the Collection, the required information will be included in this year's data collection.

If you have any questions about the data collection, please contact Simone Percy on 8276 1523 Further information can be found at: <http://www.education.gov.au/nationally-consistent-collection-data-school-students-disability>.

## CANTEEN NEWS

# COLONEL'S KITCHEN

Thank you for your support of the Special lunch of fish fillet with mashed potato, peas and baby carrots. Orders were down on expectations but this could have been due to coinciding with LUTA. We still achieved 14% of the school which is great.

**What we need now is you FEEDBACK please!! If you could either come in personally or send in your children to see me, send a note or email ([helen.parsons534@schools.sa.edu.au](mailto:helen.parsons534@schools.sa.edu.au)), with a quick comment on what the children thought of it (good or bad) and maybe a WHY??**

It certainly looked good leaving from the kitchen. There were a lot of tired parents and children on Friday after LUTA which saw Canteen orders for the day soar to 137 which is the most ever. This averaged the weekly total orders out at 11% - again a great result. **THANK YOU.**
